

The site has two trails, each about 2.2km long and will take 1 hour or more to complete:

..... **Discovery Trail** that helps you to find out about Wistlandpound's exciting history and wildlife. The Discovery Trail is mainly level and designed to allow easy access for all users, but two short sections are steeper than the rest and will require moderate effort – take a look at the map to see where they are.

— — — **Challenge Trail** with activity points that will put your mind and body to the test! The Challenge Trail has a more uneven surface and includes a number of steep sections.

Both Trails have plenty of rest stops and sensible footwear should be worn.
